# BHNOG

Bosnia and Herzegovina Network Operators' Group

Sanel Sefer

My background

- Work for University teleinformatic centre for 10+ years
- Work for the Bosnian IXP since 2019

- University teleinformatic centre:
  - Registry for .ba domain name
  - IXP – www.bhnix.ba
  - University ISP

The idea of establishing NOG

- At the 8 RIPE SEE meeting in Sarajevo

- On that occasion, the main proponents of the idea were Jan Žorž and Ibrahim Hisham. Thank you Jan and Hisham ☺

BHNOG 0 MEETING

- March 22, 2023.

- Around 20 people from ISPs and other companies showed up, along with Hisham Ibrahim and Alex Semenyaka from RIPE with online presentations.

- Conclusions from the meeting
  - There is interest in building a community around the Bosnian NOG
  - Preparing the next meeting (the first)

www.nog.ba

Support for the first NOG meeting

What we have so far?

- Initial community
- Some web services (Google services, Slack, our web site)
- Visibility within and outside the community

Short-term goals

- Communication within the community
- Holding NOG meetings twice a year
- Get the community interested in NOG (BHNOG)

Thank you!
